## **Save time; renew your contractor's license online**

Did you know that you can renew your Louisiana contractor's license online? When you renew online, your license is updated instantly on the LSLBC website (pending receipt of liability insurance and workers' compensation coverage for residential building license renewal).

To renew online, visit the LSLBC website and click the link that says "renew online." You will be asked to enter your login information, which is printed at the top of your renewal notice. From there, you will be prompted to complete your renewal and pay the renewal fee online.

In addition to online renewals, the LSLBC provides contractor's license and home improvement registration applications on the website, which are available for downloading.

The purpose of the LSLBC is to protect the public and the integrity of the construction industry by regulating all contractors who bid on or perform work in Louisiana.
