

# State of Louisiana

## STATE LICENSING BOARD FOR CONTRACTORS

### Study Reference List for 7-212 Asbestos Removal and Abatement

***Qualifying Party candidates for the classification of 7-212 Asbestos Removal and Abatement must first apply for a Commercial Contractor's License with this classification and obtain a supervisor's certification for Asbestos from the Louisiana Department of Environmental Quality before they can be scheduled for the 7-212 examination.***

The following references should be reviewed when preparing for the examination. Due to circumstances beyond our control, some of the references may become unavailable or their web addresses may be changed. These references do not necessarily contain all information necessary to succeed in this field or to pass the examination; however, they should be beneficial for candidates preparing for this examination.

The following references from the Code of Federal Regulations should be reviewed. Following each reference is the web address for a free download for that reference:

**29 CFR 1910.134** Personal Protective Equipment
