## LICENSING BOARD FOR CONTRACTORS

**Study Guide for:**  
**7-409: Oil Field Fabrication**

The examination for 7-409: Oil Field Fabrication is a 40 question, multiple choice, **CLOSED BOOK** examination. The questions are related to the fabrication and construction of oil field structures and pipework. Following is a list of some suggested references. These are just a few of the many good books available on the market. These books may not contain all of the necessary information to pass the examination or to be successful in this field. These books may be available through your local library from their own collection or through the services of Inter-Library Loan. If not available from your library, you may be able to order these or similar books from your local bookstore.

**Metal Fabrication: A Practical Guide**; O'Con, Robert L. and Carr, Richard H.;  
Fabricators & Manufacturers Association, International; Rockford, IL.

**Industrial Safety and Health Management**; Asfahl, C. Ray; Prentice-Hall, Inc.;  
Englewood Cliffs, NJ.

**Modern Welding**; Althouse, Andrew D., et. al.; The Goodheart-Willcox Co., Inc.; South  
Holland, IL.
