## New Louisiana testing locations announced!

In an effort to better serve contractors throughout the state, the Louisiana State Licensing Board (LSLBC) for Contractors has expanded its testing locations to include:

- Fletcher Technical Community College in Schriever
- Louisiana Delta Community College in Monroe
- North Shore Technical Community College in Mandeville (coming soon)

These new locations, along with the LSLBC testing center in Baton Rouge and the LSLBC's existing partnerships with Bossier Parish Community College in Bossier City, Delgado Community College in New Orleans, LSU Alexandria in Alexandria, and SOWELA Technical Community College in Lake Charles, will provide convenient options to test takers statewide.

The Louisiana State Licensing Board for Contractors (LSLBC), as part of its screening process for license applications and the granting of additional classifications, administered nearly 3,000 exams to contractors' representatives in 2015. These exams included a Business and Law examination (basics of running a contracting business and the Louisiana Contractors Licensing Law) and one or more trade examinations for the fields of work for which the license is being sought.

For more information on testing, please visit: [www.lslbc.louisiana.gov/exams/](http://www.lslbc.louisiana.gov/exams/).
