Louisiana State Licensing Board for Contractors

The logo for the Louisiana State Licensing Board for Contractors (LSLBC) consists of the letters "LSLBC" in white, bold, sans-serif font, centered within a dark blue rounded rectangle. To the right of the rectangle is a vertical dark blue bar.

Electrical Construction for Structures

Classification Description:

Refers to the construction, installation or repair of electrical infrastructure for buildings and other structures; Does not include service lines, transmission lines, outside plant, electrical power substations, traffic lighting and highway signs, power plants, industrial instrumentation and industrial machinery

Those obtaining this classification must take the Electrical Work Statewide examination. The Electrical Construction for Structures classification does not exempt a contractor from local electrical license exams whereas the Electrical Work Statewide classification does.
