BULLETIN: 14-5

May 2014

LSLBC Mobile App to Verify Licensed Contractors

The Louisiana State Licensing Board for Contractors (LSLBC) has developed and launched a mobile app to allow Apple and Android users to easily verify a license or file a complaint. The app, called La. Contractor, can be downloaded for free at the iTunes and Google Play stores.

The app allows users to search for contractors by company name, license number or qualifying party. Search results are returned in real time and mirror the contractor search already available on the LSLBC website. To file a complaint, users can simply fill out the form and tap submit. We have also included the option of adding a picture to the complaint. The mobile app benefits contractors, permit offices, the general public and homeowners who need to verify licenses.

“We wanted to create an easier way for the people of Louisiana to verify licensure right from their phones or tablets,” said Michael McDuff, LSLBC Executive Director. “We hope this new app will help curb unlicensed activities and increase awareness.”

“Properly licensed and qualified contractors...It's the Law!”
